

Sanctity

In the Name of the Mother the Daughter and the Holy Will...

Quiet, somber, mood album *In the Name of the Mother, the Daughter and the Holy Will* is often likened to the works of Delerium, Moby, Massive Attack and Portishead. Overall Downtempo-Ambient meshed with sultry vocals and world music elements, it is eerily quiet at times, the music summoning the soul of the listener.

Some have described its effect as spellbinding...a shamanic aural experience, the album is to be taken as medicine, rather than as mere entertainment. It requires the listener to slow down, put the outside world into soft focus and really EXPERIENCE. It was called "A hidden gem of a CD!" by Amazon.com.

Stand out songs are **Prayer to the Virgin** (atmospheric and sensuous) *The Ghost of You* (gorgeous sung piano ballad), **Resurrect Me** (partially delivered in French) and **Namaste** (most radio-friendly). **Lines**, **The Revolution Is Being Meditated** and **Wi'iyaye** are more avant-garde and trance-enticing tracks, while still retaining elements of melody and listenability.
